

Management  
County of Trinity  
Weaverville, California

In planning and performing our audit of the financial statements of County of Trinity as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the entity's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control.

However, during our audit we became aware other matters that are opportunities to strengthen your internal control and improve the efficiency of your operations. Our comments and suggestions regarding those matters are summarized below. We previously provided a written communication dated October 4, 2023, on the entity's internal control. This letter does not affect our report on the financial statements dated October 4, 2023.

#### NEGATIVE CASH BALANCE – FORMER HOSPITAL FUND

##### Condition

We noted the County former hospital fund, fund 901, is carrying a negative cash balance of \$4,687,168 in the Treasurer's Investment Pool. Though the County combines this fund with the General Fund to eliminate the cash deficit for reporting purposes as required by generally accepted accounting principles, the County has not adopted a formal policy for paying down the deficit.

##### Recommendation

For the former hospital fund which has a deficit balance of \$4,687,168 we recommend the County establish a formal plan for eliminating the deficit, as well as the time frame to doing so.
