Dear Commissioners of Trinity County Planning,

I am the owner of the property at 5600 South Fork Road, Salyer, (APN 008-080-033) that is directly adjacent to the property & farm of Patrick Kahan and True Heart Connection, a licensed cannabis operator. In the dozen or so years that Patrick has been my neighbor, he has been very conscientious and his operation has not impacted me negatively.

I am writing in support of his project, and reducing the burdensome 500 foot setback from my property line. Patrick is a careful & thoughtful land steward, and he acts with respect to the neighbors. I do not see a need for such a substantial setback in this case.

Respectfully,

A handwritten signature in black ink that reads "A. Toms". The signature is written in a cursive style with a long horizontal stroke extending to the right.
