WHAT IS A GENERAL PLAN?

The General Plan serves as the County's long-term "blueprint" for future growth and development decisions concerning a variety of issues, including land use, health and safety, and resource conservation.

General Plan Vision Statement

Trinity County is a place where people can experience a fulfilling life in a peaceful, rural setting while allowing for existing and new development to thrive in appropriate ways and locations. It is a place where employment, housing, world class recreation, and cultural and natural resources opportunities are abundant; where there is a strong sense of community and family, neighbors support neighbors, and residents feel safe and secure.

HOW WAS THE GENERAL PLAN PREPARED?

The 2050 General Plan was shaped over a three-year period by an extensive public outreach process that engaged residents, businesses, developers, and decision-makers, including:

- Community Workshops;
- General Plan Update Website – www.trinity2050.com;
- e-Blasts and Facebook notifications;
- Technical Advisory Committee (TAC);
- Focus Groups; and
- Board of Supervisors and Planning Commission Meetings and Study Sessions
