TRINITY COUNTY - As of June 18, 2020, Governor Newsom is now mandating the use of face coverings in all indoor public spaces, and outdoor spaces where social distancing cannot be met. To help businesses meet this mandate, Trinity County is needing all registered businesses to update their business plan at <https://www.trinitycounty.org/> and by selecting the new link shown below. The addendum will only take a few moments and will provide you with updated signage to display.

If you are a business and have not yet submitted a COVID-19 business plan, please visit <https://www.trinitycounty.org/> and select the link (shown below.) It may take 15-30 minutes to complete dependent on the type of business you are registering.

If you need face coverings to provide to your employees or patrons, or if you have questions, comments, or concerns, regarding this notice, please email: reopenbusiness@trinitycounty.org for an expedited response.
