### SBA Economic Injury Disaster Loans Available to California Small Businesses

**SACRAMENTO, Calif.** – Small nonfarm businesses in the following counties are now eligible to apply for low-interest federal disaster loans from the U.S. Small Business Administration. These loans offset economic losses because of reduced revenues caused by drought that occurred in the following primary counties in California, announced Director Tanya N. Garfield of SBA’s Disaster Field Operations Center-West.

Declaration Number	Primary Counties	Neighboring Counties	Incident Type	Incident Date	Deadline
16502	Butte, Colusa, Glenn, Lake, Mendocino and Tehama	Humboldt, Napa, Plumas, Shasta, Sonoma, Sutter, Trinity, Yolo and Yuba in California	Drought	Beginning April 14, 2020	02/10/21
16507	Alameda, Contra Costa, Marin, Napa, Nevada, Placer, Sacramento, San Francisco, San Joaquin, San Mateo, Santa Clara, Solano, Sonoma, Sutter, Yolo and Yuba	Amador, Butte, Calaveras, Colusa, El Dorado, Lake, Mendocino, Merced, Plumas, San Benito, Santa Cruz, Sierra and Stanislaus in California; Carson City, Douglas and Washoe in Nevada	Drought	Beginning April 21, 2020	02/16/21

“SBA eligibility covers both the economic impacts on businesses dependent on farmers and ranchers that have suffered agricultural production losses caused by the disasters and businesses directly impacted by the disasters,” Garfield said.

Small nonfarm businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations of any size may qualify for Economic Injury Disaster Loans of up to \$2 million to help meet financial obligations and operating expenses which could have been met had the disasters not occurred.

“Eligibility for these loans is based on the financial impact of the disasters only and not on any actual property damage. These loans have an interest rate of 3.75 percent for businesses and 2.75 percent for private nonprofit organizations, a maximum term of 30 years, and are available to small businesses and most private nonprofits without the financial ability to offset the adverse impact without hardship,” Garfield said.

By law, SBA makes economic injury available when the U.S. Secretary of Agriculture designates an agricultural disaster. The Secretary declared the declarations CA 16502 on June 10, 2020, and CA 16507 on June 16, 2020.

Businesses primarily engaged in farming or ranching are not eligible for SBA disaster assistance. Agricultural enterprises should contact the Farm Services Agency about the U.S. Department of Agriculture assistance made available by the Secretary's declaration. However, in drought disasters nurseries are eligible for SBA disaster assistance.

Applicants may apply online, receive additional disaster assistance information and download applications at <https://disasterloanassistance.sba.gov/>.
