For Immediate Release

Weaverville, CA (June 4, 2021) – Due to a decrease in testing utilization rates at the COVID-19 testing site at the Weaverville Library (less than five per week), which has been occurring since early March of this year, the decision has been made to cease providing the service after the site closes at 2 pm on June 5th, 2021. We apologize for any inconvenience this may cause and request residents consult with the local Public Health Office or primary care physician for future testing needs. If the need arises, the testing site can be reopened at a later date.
