Kim Hunter, Director

MEMORANDUM

DATE: May 18, 2020
TO: Commercial Cannabis Cultivation Licensees and Applicants
FROM: Kim Hunter, Director of Building & Planning 
SUBJECT: 2020 Commercial Cannabis Cultivation Inspections

Prioritization

Commercial Cannabis Cultivation License (CCLs) inspections have resumed. Priority of the inspections for scheduling is as follows:

1. Renewals for CCLs for sites that were not inspected within the last two years and Transfers.
2. New CCL sites by date and completeness of application.
3. Renewals for CCLs for sites that were inspected in 2019.

COVID-19 Precautions

During inspections please have only one designated CCL representative present to meet the Code Compliance staff. Social distancing must be maintained during the inspection at all times which may require that employees present may have to exit the immediate area for a brief time.

Cultivation with CCL Renewals

Due to the delay of inspections being conducted earlier in the 2020 season, cultivation may occur prior to inspections being completed for CCL renewals in good standing.

No cultivation shall occur for new CCLs until an inspection is completed and the CCL has been issued.
