On April 2, 2021, the Centers for Disease Control and Prevention (CDC) updated its Interim Public Health Recommendations for Fully Vaccinated People <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated-guidance.html>

Vaccines are effective at protecting people from getting sick, and as such, people who have been fully vaccinated can begin doing certain activities that previously posed greater risk. Trinity County Public Health Branch (TCPHB) has been working with local and state partners to ensure access to SARS CoV-2 vaccine for all Trinity County residents wishing to be vaccinated. Please refer to CDPH Guidance for Fully Vaccinated Persons for definitions and other recommendations, including what to do when experiencing COVID-19 symptoms.
